

Emerging Fleets: Grow Safely

Cover Whale provides a turn-key safety program for fleets with 4-9 power units. Our Driver Safety Program delivers insights for efficient, safe fleet management.

The Cover Whale Safety Program for Emerging Fleets

Save on Fleet Operations

Save more than \$100,000 per year by deferring the costs of safety personnel, cameras and monitoring software.

Grow with Confidence

Scale your fleets knowing you are actively mitigating risk during all phases of fleet growth.

Evolve Your Coverage

Ensure you have comprehensive fleet protection as you scale your operation.

How it Works

AI-Driven Customization

Using AI technology, we craft customized insurance solutions with your fleet's unique needs.

Proactive Safety Measures

We coach unsafe driving habits, avoid claims, and reduce premiums.

Transparency

Quick claims resolution; our dashcam data can provide pivotal evidence in the event of a loss.

Competitive Pricing

Our AI-first operations mean competitively priced premiums tailored to your expanding fleet.
